INTERVIEW SUMMARY AND STATUS INQUIRY

For this application, which was filed on June 28, 2005, applicant received a Final Office Action in error on September 20, 2006. The Office Action had an incorrect serial number and had nothing to do with the present application. During a telephone interview with the Examiner on August 10, 2007, applicant's representative and the Examiner reached agreement that there was no need for applicant to respond to the Final Office Action, which would be vacated by the Examiner, and that the application would not be abandoned as a result of not responding to the Final Office Action. It is applicant's understanding that the case remains pending before the Examiner, but applicant respectfully wishes to formally inquire as to the status of the application.

Please apply any charges or credits to Deposit Account No. 06-1050.
